

Assignment-A

1. Define a problem statement and give a brief executive

summary snapshot

a) Executive Summary

b) Problem Project Description

c) Project Scope.

can be
defined in the
problem statement
in the
executive summary
will be
number
of
matters
as
the
job
to
so
as
they are
also be clean. Rural area India is trying to make
as many changes as possible to increase the development
cleanliness plays a major role in it. Travellers love to
visit village areas but due to less hygiene they are
not able to stay for long. In
cities have dumpster and government provide trash
truck which collect trash from each house every day
Rural areas People in rural areas have a big deal with
trash. They should put the trash due to which
piles of trash is accumulated on the roadside.
The government should take in consideration to
make more dumpsters and provide trash truck to every
village.

a) Executive Summary snapshot

- India is a developing country therefore there are many
rural areas in India. Many urban areas are also staying
also be clean. Rural area India is trying to make
as many changes as possible to increase the development
cleanliness plays a major role in it. Travellers love to
visit village areas but due to less hygiene they are
not able to stay for long. In
cities have dumpster and government provide trash
truck which collect trash from each house every day
Rural areas People in rural areas have a big deal with
trash. They should put the trash due to which
piles of trash is accumulated on the roadside.
The government should take in consideration to
make more dumpsters and provide trash truck to every
village.

b) PROJECT DESCRIPTION

the primary purpose of the project is to lessen the
number of trash piles in every area of the village.
What we can do is to a municipal app in which people
information can take in which will connect to a government
site. Once the app is generated the villagers can inform
the problem on the app and the government can
take in note and send a trash truck. There
is a link of problem booking and monitoring -

Page No.	
Date	

can be a problem when at once the government can get notified by many places so, there can also be the delay in the arrival of the truck. that should also be notified on the app. But due to this project there will be more cleanliness in the rural areas and less number of diseases

a) Project Scope.

As the villages are being cleaned it will encourage people to not throw the garbage anywhere but in the trash place which is reserved. It will also create job opportunities for more people to drive the truck due to more number of villages. The trash truck should come on the given date or inform about their late arrival.
